Ingersoll Rand Appoints Atanu Maity as Business Head, Climate Solutions for Transport & Retail Sectors

New Delhi, July 01, 2010: Ingersoll Rand (NYSE:IR), the \$13.0 billion globally diversified industrial technology company has appointed Atanu Maity as the Head of Transport and Retail Solutions for its Climate Solutions business in India. In his current profile Atanu will be responsible for heading the refrigeration and mobile climate control solutions segments.

With a vast experience of 22 years in sales, marketing, business development and operations, Atanu joins Ingersoll Rand from Sona Koyo Steering Systems, where he last held the position of Senior Vice President, Business Development. At Sona Koyo, he was responsible for strengthening customer focus, bringing in the latest global technologies with high localization content and expanding the footprint in North America, Europe and South America. He successfully evolved the company's image from being a local player to a strategic partner of choice globally. Prior to Sona Koyo, Atanu held various leadership and operational roles with Schlumberger a global leader in Oilfield Services.

Commenting on the appointment **Venkatesh Valluri, Chairman and President, Ingersoll Rand India** said, "Ingersoll Rand is a world leader in developing cold chain technologies, refrigeration solutions for static and mobile infrastructure for perishables & air-conditioning products for the transport sector. India is an important growth market for Ingersoll Rand. Atanu brings extensive experience and proven business leadership skills and will be instrumental in growing our Climate Solutions business in India."

Atanu will lead the initiatives in creating solutions that address the needs of customers and dramatically improve the quality of life in a sustainable mode. An Indian Institute of Technology graduate, Atanu holds a post graduate degree in Management from the London Business School.

Ingersoll Rand's newly formed Climate Solutions sector aligns Trane Commercial Systems, Hussmann and Thermo King businesses under one sector to offer integrated solutions to customers to improve energy efficiency and sustainability. The Climate Solutions sector offers customers an unmatched combination of leading brands, industry knowledge, and breadth of products, services and solutions.
