Trane Announces Entry into Maldives with Energy Efficient Light Commercial and Commercial Air Conditioning Systems

Mumbai, India, August 29, 2013 – [Trane](#), a leading global provider of indoor comfort solutions and services and a brand of [Ingersoll Rand](#), announced today its entrance into the Maldives market with the launch of its energy-efficient air conditioning systems.

Trane has named M/s. Far Horizon Pvt. Ltd. as its distributor for marketing and sales of its light commercial and commercial air conditioning systems in the country.

M/s. Far Horizon Pvt. Limited's sales and marketing portfolio will include a comprehensive range of air conditioning solutions that include wall-mounted splits, cassettes, variable refrigerant volume units, rooftop units, chilled water systems, building automation and remote management systems and specialized services that save energy and bring value to customers.

These solutions are manufactured with stringent comfort and energy-saving features. The Trane unitary range will be ideal for small- to mid-sized buildings like offices, schools and retail establishments while chilled water systems integrated with controls and services will serve hotels, resorts, airports and other similar commercial establishments.

"We are focused on providing optimized, energy-efficient solutions to our customers in Maldives," said Sanjeev Sseth, head- sales, The South Asian Association for Regional Cooperation (SAARC) countries.

"Bringing innovation and technology to every corner of the world is what Trane strives to achieve," said Sudarshan Ananth, vice president and business head for Trane in India and SAARC countries. "The launch of Trane solutions in Maldives is part of our growth strategy in the SAARC countries and we are uniquely positioned to introduce pioneering technology here, in our centennial year."
