Trane and Security Businesses Participate at Hotel Operations Summit India (HOSI)

Showcase Indoor Air Quality and Security Solutions for Hotel Industry

New Delhi, December 15, 2010: To help meet the indoor air quality (IAQ) and security needs of this rapidly growing industry, Ingersoll Rand will sponsor and participate in the Hotel Operations Summit India (HOSI) on December 15 and 16, 2010. Ingersoll Rand will feature hospitality industry solutions at the conference from two of its businesses: Trane, a leading global provider of indoor comfort systems and solutions, and Security Technologies, a leading global supplier of products and services that make environments safe, secure and productive.

Trane and Security Technologies leaders at the Ingersoll Rand booth (# E1) will explain how featured solutions can help hotel owners and operators improve guest comfort, enhance security and access, and reduce operating costs, including: CenTraVac™ Chiller - Trane will showcase its CenTraVac™ Chiller, the world's most energy efficient of its type. The chiller helps hotel owners and operators increase energy efficiency and reduce utility bills. This chiller earned the Best-of-the-Best Stratospheric Ozone Protection award from the prestigious U.S. Environmental Protection Agency.

Security Technologies CISA MIFARE hotel locks - This locking solution addresses the growing need for enhanced security in the hospitality industry. The system can enhance the overall guest experience by combining ease of use and comfort with total reliability and dependability.

With the potential to become the world's leading tourist destination, India is experiencing unprecedented growth in hotel construction. The country will add almost 114,000 hotel guest rooms to its inventory over the next five years according to HVS.

"We are confident that our presence at HOSI will demonstrate that we can become a trusted partner to the lodging industry by helping operators deliver improved guest comfort and security while reducing operating expense," said Rajesh Sikka, business leader for Trane India.
